Ordering guidelines

1. Oxbow's pet products purchased through the Oxbow Rescue Program or through a distributor can be sold resale or used internally.
2. Oxbow's Critical Care products are for internal use only under the guidance of your veterinarian and not intended for resale.
3. One main contact is established for your account. Only that designated person can authorize others to place orders.
4. Oxbow will work with you to determine the most cost-efficient method of ordering and shipping.
5. In an effort to best serve you, updated applications will periodically be requested.

Ordering direct from Oxbow

As part of Oxbow's Rescue Support Program, you now have the ability to order directly from Oxbow if that is the preferred purchase path for your rescue. Oxbow's online wholesale order site was designed with user experience in mind and features multiple ways to shop, including by category, line or species. This platform also allows for on demand order placement and payment through the portal while enjoying discounted rescue program pricing. Upon program approval, rescue program members will receive a user name and log in to access the site and begin ordering product. Orders will be shipped directly from Oxbow upon receipt and processing of order (which generally takes 2 business days).

Ordering from an Oxbow distributor

Oxbow will always work with you to determine the most cost-effective method of ordering and shipping. Often, it may be more cost- and time-efficient for a rescue to order from an Oxbow distributor, rather than direct from Oxbow. In these instances, the other benefits of the Rescue Program – educational support, event support and emergency assistance – will still be available to you.
